## Making the grade: evaluating our performance for the best results

Cityfit Swim School is committed to your child's development and our structured curriculum is specially designed to produce safe and confident swimmers while having some fun along the way. To further enhance the quality of our program we are introducing staff evaluations. We believe it's important to reflect on our teaching performance and continually look for ways we can improve. Evaluations will be conducted by Renee, our Senior Instructor, and will allow us to ensure we are consistently delivering quality instruction across the curriculum and securing the best possible outcomes for our students.

We love watching our students' progress and are so proud when a child masters a new skill or overcomes a fear. We're grateful for the opportunity to share in their achievements and believe this initiative will strengthen our ability to deliver consistent results for all our Swim School members.

# Swimmer of the Term

## HAMISH & LUCY GILLEN

(Instructor Renee):  
When Hamish and Lucy started with me they both lacked confidence. Hamish has improved out of sight, going from being a child that didn't want to go under the water to now pushing himself towards swimming 25M of freestyle, diving for toys and jumping in the pool.

Lucy has improved greatly too. Lucy was very hesitant to do things independently. Lucy has now jumped that hurdle, is learning her freestyle and is very independent in the pool. I am so proud of you both, and I can't wait to see how you can improve in the upcoming terms.

## Theme Week

We turned up the heat with a **Hawaiian** theme in Term 2 and bought some sunshine indoors.

See what adventures we can have in Term 3 as we learn all about **Seahorses**.

## A message from Instructor Jess

During April, I travelled to Vietnam with Mission Australia who in conjunction with AUSTSWIM and Swim Vietnam are aiming to reduce the number of childhood drownings (about 11 children drown each day) throughout Vietnam.

During my time in Vietnam I learnt a lot and got to experience how swim schools work in a different country, whilst also learning new techniques and strategies to implement into my own teaching.

It was a very eye opening experience as many of these children have never swum before but were so excited to be in the water and give it a go even if they were absolutely terrified.

During the week I spent with Swim Vietnam I saw the children gain confidence and gain new life changing skills, which will hopefully mean they can now be safe in and around the water. In the long run hopefully this program will result in more and more Vietnamese people learning to swim and the number of drownings dropping, as learn to swim programs and swimming pools become more and more popular throughout Vietnam.

# Congratulations!!!

To all the Swim School students that recently completed their first 25M swim award in Term One 2018. Keep up the great work, we look forward to celebrating more swimming milestones with you.
